

NEW MANAGER FOR POLI THEATER HERE

L. J. Fosse, of New Haven, to Announce Roster of New Company Soon.

The first definite step in the reorganization of the Poli Players was taken today with the arrival in Washington of the new manager of the theater, L. J. Fosse, who has been in charge of the Hyperion Theater, the principal theater of New Haven. Announcement of the roster of the new company is expected to be made within a few days that Charles Mackey and Lillian Kemble will play the leads. Mackey, who has been in the Washington stock companies for several seasons and as one of the principal players in support of the late S. M. Russell. Mackey is one of the best known stock leading actors in the country. For several seasons he played opposite Mr. Mackey in stock companies in Montreal, Ottawa, and Toronto, Canada, where both were very popular. Mackey and Mr. Mackey have been playing the leading parts in a big stock company in Salt Lake City, Utah.

Another member of the new company who will be greeted as an old friend is Helen Tracey. Miss Tracey was a member of the Poli Players in the company, and is probably the best known character actress at present acting in stock. She left the Poli Players last spring, and was recently a member of the Low Fields company in the production of "The High Cost of Living." Harry Andrews, who was the original director of the Poli Company here and who recently returned to Washington to assume the management of the production of that theater, is the only member of the present company to remain under the new regime. Mr. Andrews was informed this morning that he would be expected to take charge of productions as heretofore. He is rated as one of the best stock directors in the country and has been giving the patrons of the theater some unusually fine productions during the past two months.

Manager Fosse is rated as a manager of more than usual ability and possesses a pleasing personality. He desires to take time to look over the situation before he can make up his mind just what is to be done. He says that the policy evolved by Manager James Thatcher and developed by him to the satisfaction of both Mr. Poli and the patrons of the theater, will be continued. The first play to be produced by the new company will be "The Moneychangers," the new play by Charles Klein, which was produced for the first time in this city early in the season. This will be the first time a big play has been secured for stock production the same season it was produced.

Only Sure Corn Cure Ever Known

"GETS IT" the New Way—2 Drops Do It. To endure the pains and tortures caused by a little thing like corn is ridiculous, simply because it is unnecessary. The new plan corn cure,

"GETS-IT" is the first one ever known to remove corns without pain, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters, and cotton rings that shift their position and press down on the corn, with knives that "raw up" the toe with their barbs, with razors and files, clawing and pulling at the corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. No substitute. Try it on any corn, wart, callus or bunion tonight. "GETS-IT" is sold by druggists everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Washington by O'Donnell's Drug Stores, People's Drug Stores, and P. G. Atchek-Advt.

SUFFRAGISTS MARCH TO BOOM MEETING

Mrs. Lawrence, the English Militant, Due to Arrive in City This Evening.

With only two days left in which to devote the suffragist mass meeting at the Columbia Theater, Sunday afternoon, the women of the Congressional Union are putting forth every effort today to insure the success of the meeting. Having flooded the business district with circulars and posters, a band of young women are today covering the residential sections. They left the F street offices early this morning each carrying a sack filled with bursting with circulars and posters. Dug stores, grocery stores, "arber who a apartment house" and private residences will be thoroughly canvassed and even pedestrians will be stopped and supplied with literature. No opportunity will be missed, they say, to spread the news of the bi-mass meeting. Sunday afternoon, when a real English militant is to speak.

Street Parade Today. There will be another street parade this afternoon, when a dozen women, all wearing the full regalia of the Congressional Union and carrying transparents advertising the meeting, will march around the White House and then down Pennsylvania avenue to the Capitol, returning by way of F street.

Arrangements are being made today for a final send-off tomorrow afternoon when a brigade of about 200 women, back with banners and plumes waving in the breeze, will gallop through the streets of Washington, scattering literature as they pass. They will be led by a woman on a white charger, with a trumpet, which she will blow from time to time to warn pedestrians of their coming. The horsewomen will all wear fancy costumes of purple, gold, and white, the colors of the union, and the horses will be ornamented with ribbons of the same color. Mrs. Petrick Lawrence, the English militant who is to be the principal speaker at the meeting, is expected to arrive this afternoon at 6 o'clock, and will be met by Mrs. John J. White, of 2300 Massachusetts avenue, whose guest she will be while in Washington. Mrs.

Mrs. Russell took with her a supply of tickets and circulars, which she said she wanted to distribute among her friends.

Miss Emily K. Perry, who has charge of the committee on speakers and who will herself be head under Sunday afternoon, announced this morning that her list had been completed, and that the fourteen young women selected are the very fairest that could be found. The vote was recorded amid a violent uproar after the bitterest fight in the organization's history. At one time the "antile" threatened to bolt if the motion carried. The anti-suffrage forces were led in their fight, which lasted almost continuously from yesterday noon until the vote was cast, by Mrs. Arthur M. Conference Will Meet Here Next Month to Consider Immigrant Problem.

With a view of considering and devising methods of interesting and locating agricultural immigrants in the Southern States, Senator Duncan U. Fletcher, president of the Southern Commercial Congress, issued a call today for State and local officials, representatives of the press, commercial and civic organizations, railroad officials, bankers and real estate and business men to meet in this city, December 12. The call, while issued by the Southern Commercial Congress, has the approval of the Department of Labor, and Secretary Wilson of that department will make the principal address at the conference. Methods will be discussed as to the most practical way in which the unemployed immigrants in the larger and congested centers of the country can be induced to move to the agricultural districts. The officials of the Southern Commercial Congress are of the opinion that large numbers of immigrants will come to this country from Europe at the end of the present war. The advisability of attempting to utilize this class of people on the farm lands of the South also will be considered.
